

*Open House &
Customer Appreciation*

SATURDAY, FEBRUARY 22, 2020 • 1 - 4 P.M.
GILLETT RANCH, BEAVERDAM, AB

Welcome to GILLETT RANCH

Welcome to our 2nd Annual Open House.

Breaking into the seedstock business has been a great experience. Thank you to all our supporters over the last 5 years who have believed in our program. We are continuously working to provide top genetics and a strong set of dams. These females are laying down great calves and we are really proud of the herd we are building. We have a strong cull program for udders, feet and performance. As well as fertility and longevity are a must. Having functional ranch cows gives us a group of bulls that we are confident will work in any ranch setting. This past year we started an AI program using proven genetics, as well as purchased large group cows from Viske Family Farms. We are excited to see these calves hit the ground!

Colbie & Jaynell Coglon-Pasichnuk

2019 has been an exciting year, in November we welcomed our son Henk Adrian to the world. Four years ago I started up the Black Angus side, I have been building my herd and now have 12 registered cows. Slowly building my herd I have chosen top genetics of well uddered, good footed cattle who raise strong replacement heifers and quality bulls. We are excited to continue growing our herd and producing ranch raised functional cattle.

Melissa Gillett & Eugene Routhier

SALES INFORMATION

The bulls we have for sale this year are broken into two groups: long yearlings bulls born late 2018 March / April / May and a yearling bull born February 2019. Calves born earlier are apart of our AI / embryo program or out of cows we have purchased. All bulls are available through private treaty, are guaranteed sound feet and ability to breed.

Directions

- From Bonnyville head East on Hwy 659
- Turn South on Hwy 897
- Turn East on Twp 602, follow past stop sign
- Road curves into RR 430
- Yard on right 60026 RR 430

Terms

- Contact for information on pricing
- All bulls are sold private treaty
- All bulls will be semen tested & delivered
- We guaranteed our bulls to have sound feet & breeding ability
- Free delivery within 250 kilometres
- 50% down at time of purchase
- New this year, bulls will be foot rot vaccinated

Health

- Full Vaccination program (including foot rot)
- No hoof trimming has been done to any bull

Please note the catalogue shows only a sample of the bulls available,
please call for more up to date information.
